

## JOB OPPORTUNITY

December 2022

Do you want to use your expertise and help us developing technology for the energy transition? In that case we are looking for you.

Exion Hydrogen is a newly established company with the mission to build world class water electrolyzers. In Belgium we do basic research, develop new products and address the market, while our team in Poland manufactures the systems and distribute them worldwide.

To join our growing team we are looking for an enthusiastic **Marketing Support & Communication specialist** (m/f/x)

Location : Turnhout, Belgium  
Reports to : General Manager  
Job purpose: To create, support and evaluate Process and Instrumentation Diagrams  
Date : December 2022

We are looking for a (Jr) marketing talent (m/f/x)

### **What you will do:**

In close cooperation with the Business Development manager & the IT department:

- You help translating our company strategy into online and offline communication.
- You prepare for trade shows & events and execute a system to follow-up the generated leads
- You use your creativity to create sales supporting tools such as leaflets & brochures, website, presentations, quotations, social media publications etc.
- You interact with both customers as marketing supporting supplier such as graphical designers, photographers

### **What do we expect from you?**

- You have a bachelor or master degree in marketing and/or communication
- You have a strong interest in clean energy technologies and you like to learn.
- You are creative and have a good eye for detail and organization.
- A first working experience is a plus, but we also welcome an enthusiastic starter
- You master English. Dutch, Polish and/or other additional languages are a plus.
- You know what a B2B environment is, and help develop strategies in this matter.

### **What do we offer?**

- Career opportunities! We'll help you finding out your comfort zone.
- An open and honest culture in a young fast growing company.
- A motivated team of colleagues.
- A market compliant remuneration package, including meal vouchers, a pension plan, hospitalization insurance, ADV holidays, etc.

We support a good work-life balance and prefer our people to decide for themselves when to work from home.

Education : Bachelor or Master degree in marketing and/or communication  
Direct reports : No  
Assignment : full time  
Travel required : 5%

We offer a flexible and dynamic working environment with a lot of growth potential. Although we're looking for team players we need you for what **you** can do. Your personal wellbeing is important to us. To help reaching our serious goals we welcome a playful attitude! If interested please contact :
